

युनाइटेड बैंक ऑफ़ इंडिया United Bank of India

United Bank of India is proud to be amongst the select few Banks in India to receive coveted Certification for ISO/IEC 27001:2013 effective from 16th August 2019 for implementing the next level of Information Security Management System (ISMS) controls at its Cyber-Security Operations Centre (C-SOC), Primary Data Centre (DC) and Disaster Recovery (DR) Data Centre.

The Certification Process involved rigorous & extensive audit under the auspices of leading Certification Body and in the backdrop of various stringent criteria set out for audit to qualify for certification under the ISO 27001:2013 standards on numerous domains of IT/IS functions. Based on the recommendations of Certification Body, Bank has been accorded the Prestigious ISO 27001:2013 certification by "United Kingdom Accreditation Service -UKAS".

Bank has since adopted and implemented various innovative and advanced features in its Cyber Security Technology. Along with internal control system, United Perimeter Shield has been deployed to further strengthen its defence mechanism to prevent various Internet based attacks. Bank has also deployed IPV6 enabled public facing applications in line with NATIONAL TELECOM POLICY 2012.
